

Fourth Grade Facts

November 17-21, 2008

Look What We're Studying!!!

Math- We have started Chapter 6 "Collect and Organize Data." Please check your child's work daily.

Reading - We will read "Finding the Titanic" story.

Social Studies -We have finished Chapter 1 "Missouri's Geography." The test will be on November 18. We will then start Chapter 2 "Our State Today."

English - We will start Chapter 2 "Writing About Yourself."

Science - We have started the Chapter on Electricity and Magnetism. We will do several experiments this week.

Religion - We will start the Commandments and the Beatitudes.

Good Bye Mrs. Keller! We will miss you!

Mon., Nov.17

Welcome back, Mrs. Jenkins!

Tues., Nov.18

Social Studies Test - Chapter 1 "Missouri's Geography"

Wed., Nov.19

Thurs., Nov.20

Science projects due on electrical currents.

Fri., Nov.21

Spelling Test - Lesson 12

The spelling test will be fill in the bubble test with 50 words.

*Midterms will be sent home today.

*Last day for the Miles of Pennies collection.

What to study for the Social Studies Test

*Reread pages 72-95.

*Study all the vocabulary words.

*Most of the questions from the Comprehension Check on page 94 are on the test.

*Know how to find the latitude and longitude on pages 80-81. The test will have a Missouri map.

*Be able to label the 5 regions of Missouri on a map. An example is on page 76.

School Supplies Needed

Please ask your child if they need any supplies for school. Several need pencils, colored pencils, and erasers.

Reminders

*Please look over your child's midterm and let us know if you have any questions or concerns. There is still time to bring up their grades.

*Please make sure your child completes all homework. We've seen a lot of late work. They still need to write all assignments down in their assignment books each day.

*Keep bringing in food for the Samaritan Center until November 25

*It is getting colder, so please make sure your child wears a coat to school.

Science Project -Due November 20

The 4th graders will have a Science project on electrical circuits to work on at a home. They will need to choose one of the two projects that are being sent home. The Circuit Puzzle is a little easier to construct. I will show them an example of one at school. If you have any questions, please let me know. They may start working on them now.
